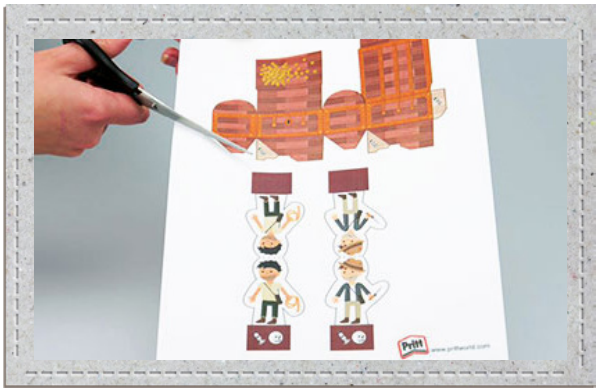
TIPS & TRICKS

Ask your parents to help you cut out the templates. To make the tomb raider figures more stable, you can stick them onto craft paper before. Then they will stand up really well!

CRAFT AN EXCITING TOMB RAIDER ADVENTURE SET

1. First, cut out all the tomb raider adventure set images from the printed out crafting templates.



2. To make the tomb raiders, fold the templates down the middle and fold the coloured blocks inwards. The figures are now triangular. Stick the two bottom tabs together using Pritt craft glue so that your tomb raiders can stand up.

3. Now take the jeep cut-out and glue it to the cornflakes box. Wait 30 seconds for the glue to dry. Can you count to 30? Now you can decorate the jeep even more using your Green Stick. Apply a generous amount of it all over the camouflage painted areas and let it dry again for about 30 seconds. Now cut around the paper jeep so that you have a cardboard template.
